- Supplement to: van Dyck CH, Swanson CJ, Aisen P, et al. Lecanemab in early Alzheimer's disease. *N Engl J Med* 2023;388:9-21. DOI: 10.1056/NEJMoa2212948

*The price patients will pay to acquire the marketed drug is often different than the WAC prices listed, and most patients do not pay WAC. How much a patient will pay will depend on many factors, including the patient's insurance coverage. To find out the exact cost of their prescriptions, patients should contact their health insurance company or preferred pharmacy.*

**\*Wholesale Acquisition Cost (WAC)** as published by FDB represents the manufacturer's published catalog or list price for a drug product to wholesalers as reported to FDB by the manufacturer. WAC does not represent actual transaction prices and does not include prompt pay or other discounts, rebates or reductions in price. FDB does not perform any independent investigation or analysis of actual transaction prices for purposes of reporting WAC. FDB relies on manufacturers to report or otherwise make available the values for the WAC.
